

TREASURE HUNT : AN AERODYNAMIC PURSUIT

TASK 1

Before Proceeding, fill this google form. It is mandatory.

<https://forms.gle/H5rukNk8UALf66CQA>

Hola freshers, welcome to the first part of the Treasure Hunt! Your initial task is mentioned below.

STEP 1: Given below is a picture, identify and note it's specific type

(HINT: It is a device used to generate additional lift in aircrafts. Its airfoil view is shown. Name of the specific type starts with the letter F)

STEP 2: Search for the inventor of the specific type of that device.

STEP 3: Search on Instagram @(first name of inventor)1895_1982, For instance the inventor's name is Thomas Green, so search on Instagram

@thomas1895_1982.

Finally, you would be directed to a page where lies your second task.
